[8 JUL 1957]

MEMORANDUM FOR: Deputy Director (Plans)  
 THROUGH: Deputy Director (Support)  
 SUBJECT: Proposed Changes to

(a)  
 (b)

1. This memorandum suggests action on the part of the Deputy Director (Plans). Such requested action is contained in paragraph 6.

2. The Career Council at its meeting on 23 May approved changes to the application procedures for membership in the Career Staff and discussed specifically the text of the proposed changes to [redacted] and the changes involve:

a. Eliminating the necessity of the individual who does not wish to apply for membership in the Career Staff submitting a memorandum addressed to the Director giving reason for his declination. (Experience of the past three years shows that such memorandums serve no useful purpose.)

b. Providing that the effective date of membership in the Career Staff will be the date on which the individual evidences his intent to fulfill his obligations in the Career Staff provided he is eligible.

3. The decision of the Council to revise [redacted] requires making the same changes in [redacted] and also making changes to [redacted] and [redacted], "The Language Development Program." Paragraph 1c(7) of [redacted] and [redacted] establishes membership in the Career Staff, providing the individual is eligible, as a qualification for language development awards. The proposed change in paragraph 2c of [redacted] is made to correct the form number and title. [redacted] did not refer to the form thus this change is not necessary.

4. The proposed changes to [redacted] and [redacted] were distributed for coordination to the staffs of the Deputy Directors (Intelligence), (Plans), and (Support); the Director of Training, the General Counsel, and the Chief, Regulations Control Staff. All the above officials concurred in the text of the changes to these four regulations, subject to some minor editorial changes, which have been made in the attached drafts.

SUBJECT: Proposed Changes to

25X1A

(a)  
(b)

5. The General Counsel suggested that "...this might be a good time to incorporate the regulation and notice material /language issuances/ into a single comprehensive regulation." This comment was submitted to the Office of Training which recommends that only the coordinated changes be made at this time inasmuch as the revisions of the language issuances, which are now in process, will involve considerable time to prepare and coordinate prior to submission to the Career Council for approval.

6. I recommend, therefore, that at this time the attached proposed changes to [redacted] be approved and submitted to Regulations Control Staff for publication.
